

Hands-On 2 Project: HO2_Data_Binding

Commands:

```
ng new HO2_Data_Binding --routing --style=css
cd HO2_Data_Binding
ng g c components/header
ng g c pages/home
ng g c components/course-card
ng g c pages/course-list
ng serve
```

What we did:

Implemented interpolation, property binding, event binding, two-way binding, lifecycle hooks, @Input, @Output, and EventEmitter.

home.ts

```
import { Component, OnDestroy, OnInit } from '@angular/core';
import { FormsModule } from '@angular/forms';
```

```
@Component({
  selector: 'app-home',
  standalone: true,
  imports: [FormsModule],
  templateUrl: './home.html',
  styleUrls: ['./home.css']
})
export class Home implements OnInit, OnDestroy {
  portalName = 'Student Course Portal';
  isPortalActive = true;
  message = '';
  searchTerm = '';

  ngOnInit() {
    console.log('HomeComponent initialised');
  }

  ngOnDestroy() {
    console.log('HomeComponent destroyed');
  }

  onEnrollClick() {
    this.message = 'Enrollment opened!';
  }
}
```

home.html

```

<h1>{{ portalName }}</h1>
<button [disabled]="!isPortalActive" (click)="onEnrollClick()">Enroll Now</button>
<p>{{ message }}</p>
<input [(ngModel)]="searchTerm" placeholder="Search courses">
<p>Searching for: {{ searchTerm }}</p>

```

course-card.ts

```

import { Component, Input, Output, EventEmitter, OnChanges, SimpleChanges } from
'@angular/core';

```

```

@Component({
  selector: 'app-course-card',
  standalone: true,
  imports: [],
  templateUrl: './course-card.html',
  styleUrls: ['./course-card.css']
})
export class CourseCard implements OnChanges {
  @Input() course: any;
  @Output() enrollRequested = new EventEmitter<number>();

  ngOnChanges(changes: SimpleChanges) {
    console.log('Course changed:', changes);
  }

  enroll() {
    this.enrollRequested.emit(this.course.id);
  }
}

```

course-card.html

```

<h3>{{ course.name }}</h3>
<p>Code: {{ course.code }}</p>
<p>Credits: {{ course.credits }}</p>
<button (click)="enroll()">Enroll</button>

```

Output screenshot: Search box working, Enroll button working, selected course ID shown.
